A few things you should know about....

Skin Tests and Restrictions

Every reputable salon and therapist will require you to have a skin test at least 48 hours prior to any eye treatment such as tinting and perming. They are legal requirements for our insurers. If you are a new client to our salon please contact us to arrange your skin-test. Sorry, we are unable to offer treatments to anyone under the age of 16 without the consent or presence of a parent or guardian. Please advise us if you think you might be pregnant before your chosen treatment.

Manicures and Pedicures - Gel removal

Please advise us if you already have gel on your nails - We may need to allow extra time and therefore an extra charge may be applied. Some brands of gel polish can be difficult to remove so if you are unsure please call the salon to discuss any questions or doubts you may have. We cannot accept any responsibility if we find any pre-existing damage or infection under a gel finish from another salon.

Prenatal Treatments

For your safety and that of your baby, all prenatal treatments can only be carried out once you are past the 12-week stage.

St Tropez Tanning

Please avoid wearing perfume, body lotion or deodorant on the

day of your tanning treatment, as they could adversely affect the results achieved. If you are exfoliating at home before you're tanning treatment please use a water based exfoliator. After the treatment, the tan must be left on the skin for a minimum of 9 hours or 4 hours with the express tan. We advise that you wear loose dark clothing where possible.
